Fujitsu F400

Fast and reliable.

The Product

The Fujitsu F400 media dispenser is a lot of product that grows with your business. Aimed at helping you minimize your product costs and your customers' cost of ownership, the F400 is fast, reliable, high-capacity and feature-rich in local and remote diagnostics. It's also expandable start with one cassette and expand up to five.

So whether your applications include ATMs, self-checkout, kiosks, bill payment or bill changing, the F400 offers you cost-efficient bill dispensing with high-end features.

Features

The F400 includes a customer adjustable bill low and denomination sensors to ensure that you have cash at peak times while dispensing the correct denomination to your customers. The sensors on the F400 can alert you when they need to be replaced before they fail and cost you down time.

This dispenser is slim enough and occupies a low profile, so it can “fit the ergonomic zone” and be easily integrated into most OEM applications while complying with height requirements for ADA.
